Internet Explorer User Agent Style Sheets

A **UA Style Sheet** is a simple set of css styles that each web browser uses before any other css styles are applied.

This chart lists and compares the different default style sheets used to render HTML in the four major versions of Internet Explorer; IE6, IE7, IE8, and IE9 Platform Preview.

You can download each of these UA style sheets by using the links at the top of this chart.

	IE6	IE7	IE8
a	color: #00F; text-decoration: underline;		color: #06C; text-decoration: underli
